On Thursday, March 27th, the 5th grade classes were transported in the morning by the Columbia Heights Police Department to join the 5th graders at Highland and Valleyview for an exciting event with D.A.R.E. Officer Greg Sinn. The MN Army National Guard Counterdrug team came to visit in a Blackhawk Army Helicopter!

"The helicopter was fun because we got to walk around and see the inside."

"We got to learn a ton of COOL FACTS about it and look at the awesome helicopter!" (5th grade students)

This year millions of school children around the world will benefit from D.A.R.E. (Drug Abuse Resistance Education), the highly acclaimed program that gives kids the skills they need to avoid involvement in drugs, gangs, and violence. D.A.R.E. was founded in 1983 in Los Angeles and has proven so successful that it is now being implemented in 75 percent of our nation's school districts and in more than 43 countries around the world. D.A.R.E. is a police officer-led series of classroom lessons that teaches children from kindergarten through 12th grade how to resist peer pressure and live productive drug and violence-free lives. (from D.A.R.E. website)
